## LA Galaxy Orange Count - Elite Academy Coaching Profile

**NAME:** Callum Moloney

**COACHES PROFILE:** I'm 23 years and come from a place called York, which is situated in Northern England. I have spent the last four years over in America coaching soccer, firstly starting in St Louis in the Midwest and then moving over here to California last year. I have been involved in soccer since the age of 5, if it was either playing or watching, I have always loved the sport and continue to do so to this day.

### **QUALIFICATIONS:**

FA level 1 coaching certificate

National F coaching license

AYSO Coach trainer

NSCAA Camp Coach Qualification

### **EXPERIENCE and HONORS:**

I have coached soccer since I was 13 years old. I have coached all different age groups within my high school whilst I was attending there. I then went onto coaching the University girl's first team at my University where I coached them for the full two years. I have been coaching in the states for the past three years now as a summer coaching an academy trainer and club coach. During my time in the states I have had the opportunity to coach children whose ages have ranged from 2-17, working with AYSO's, coach and player development programmes and also club teams. As well as the time I have spent on the field practically, I have also dedicated time to gaining theoretical qualifications to better myself as a coach thus improving the level of session of session I am able to deliver to all the players I work with. The past spring season I worked for LA Galaxy Orange county within the elite program, I coached 4 teams which were all different age groups. I won the end of year tournament which was great to end the spring season, I will continue to work for the elite program during the fall season 2017.

I also attended The University Of Derby where I gained a first class honours degree in Sports Therapy and Massage and Sports development.

I have played soccer since I was 5 years old. At this age, I began playing recreationally for clubs local to where I was living. I played throughout my education both at lower school and high school for the school teams where I was attending. I have also been fortunate enough to play for two professional

# ORANGE COUNTY

clubs when I was younger, these were York City FC and Darlington FC, both great experiences for me. Before coming out to the states, I was playing semi-professionally for a club near London called Hitchin FC. Whilst I was at University I represented the Soccer team as First team Captain which was a great honour for me.
