## LA Galaxy Orange County Creates New Community Development Centers

LA Galaxy Orange County, an organization that's helped a generation of players at all ability levels, is launching two community development centers aimed specifically at parents and players looking for a fun, developmentally appropriate recreational or competitive soccer environment, in their own community.

[LA Galaxy Orange County - East](#) (Serving the cities of RSM, Mission Viejo, Lake Forest, Foothill Ranch and surrounding communities)

Supplementing the existing programming in Irvine and Tustin, each community development center will offer both recreational programming and competitive club soccer fully supported by the mission, vision and core values instilled in each and every one of its staff and coaches.
